Job-Beschreibung

The Project management team at Travian Games runs all projects in regard to game related applications (such as account management software, payment systems, forum, ticketing software) with our games and supporting departments like marketing, payment and customer service. We're acting as an internal service provider for these departments. We work in an agile manner and run multiple projects for multiple international customers at the same time.

- You prepare business concepts and develop projects in cooperation with the business owner
- You assume project management for several parallel development projects (monitoring time, quality and resources, risk management) including with geographically dispersed
