Job-Beschreibung

Your Crew

Being part of small gameplay programming team you will work in a positive and productive environment on state of the art 3D video games. Collaboration and mutual feedback will help you to grow both on a professional as well as on a personal level.

Everyone at Fishlabs shares one common goal: to create a great visual and technical experience on mobile devices and consoles - working in a relaxed environment where team members have the time to learn from each other, and everyone plays an important role in the development of our upcoming state of the art games.

Mission Briefing

- You will work on high-end shooter and action titles for consoles in a team-based environment
- You will be developing fast-paced 3D games for consoles.
- You will be working with multiple teams closely including game designers to make some of the best action titles on the market.

☐

Your Skillset

- At least 5 years of work experience as a programmer / engineer
- Excellent working knowledge with Unreal Engine (and/or other game engines like Unity, CryEngine etc.)
- Self-starter who works well across the team and supports other disciplines
- Very good problem analysis skills and ability to find simple, robust and efficient solutions to complex problems
- Good knowledge of the English language (written and spoken)
- Must have shipped at least one title
- Experience in the team-based development of video games
- University degree in computer science (or comparable education)
- Worked on a live title
- Experience on consoles

☐

Mission Support

- *Here's to you!* Fresh fruit, free beverages and special conditions for gym membership
- *Do it!* Personal responsibility, freedom and short decision-making routes
- *The Unit!* Open office, friendly atmosphere and with professionals always willing to lend a hand
- *There you are!* Centrally located, bright and modern offices where creativity flourishes
- *Have Fun!* Of course play some games along the way
- *And what else!?* Learn more about your new professional homebase

☐

We are looking forward to your application. To give us a more extensive first impression of you, a substantial application will be appreciated. The minimum content should be a short motivation letter and your CV. If you have questions regarding the application just drop us an e-mail at jobs@dsfishlabs.com . An application via our online tool is preferred.
