Job-Beschreibung

Reference Number: 5161

As Performance Marketing Manager you help us engaging users for our mobile games. You will support and optimize our campaigns with your knowledge and are able to connect with our external partners as a communicative networker. Additionally, you will push and promote the growth and expansion of our global user base. The main focus of this position is to build a strong and fast growing active mobile user base for our games, as well as established new and emerging display and content-advertising methods. This is a key role to make a difference and build a growth story in a massive industry. □
