### Job-Beschreibung

We are Game Art Brain, a service provider in terms of game art and graphics.

The company was founded by Christian Retzlaff in early 2017 and has its office in Berlin's South/West easily reachable by S-Bahn (train) and bus. Most of our clients are mobile gaming companies where we create what ever is requested for their games.

How would you like to work in this great setup as a 2d Artist and have the possibility to work on many different games per year.

Games-Career.com ist ein Angebot von:

Quinke Networks GmbH  
Bei den Mühlen 70  
D-20457 Hamburg

We want to give young artists like you the chance to gain work experience and expand your skills.

You will be involved in the team right from the beginning and have the opportunity to work with us for the most diverse developers and companies nationally and internationally.

In addition to art, the tasks will include graphic design for games.

☐

You will primarily work on this:

- Creating 2D/ 3d game graphics
- Character design
- Environment Design (e.g. Isometric mobile game structures)
- Concept Art
- User acquisition posts/ banners
- Painted User Interface Design for Mobile Games ☐

☐

Skills:

- Advanced in Photoshop
- Advanced in Blender
- nice to have: After Effects, Illustrator, InDesign

☐

☐

Profile:

- capable to work in different styles
- able to jump between tasks
- very organized workflow
- willing to share knowledge
- willing to not only pick the cherries but do what ever work is needed to get the project done

Games-Career.com ist ein Angebot von:

☐☐

Send us a link to your relevant portfolio!

We are looking forward to your application.

Please only apply if you are a EU-Citizen living in Berlin or willing to move to Berlin.

☐

Your GameArtBrain team
