Quinke Networks GmbH
Bei den Mühlen 70
D-20457 Hamburg

YOUR MISSION

- Work with artists and programmers to create 3D art and bring it into the engine.
- Create 3D environments inside Unity 3D.
- Review the creative process and identify opportunities for tool improvements.
- Solve challenging technical issues in the 3D asset pipeline.
- Help establish and maintain both aesthetic quality and technical performance standards (polycount, memory, draw calls, etc.)
- Work with the art team to guide creative and engine-efficient art solutions for visual problems
- Collaborate with tools and engine teams to continually improve upon our custom workflows and technology
- Collaborate with art outsourcing studios to share technology and best practices, review, update and integrate incoming art assets into the game

YOUR BACKSTORY

- Relevant work experience in games, preferably mobile
- Experience communicating and collaborating with various cross-functional partners and collaborative
- Attention to detail for both aesthetic and technical quality
- Understanding of a number of CG disciplines (modeling, texturing, shading, lighting, and post-process fx) Set the 3D art bar with your personal work.
- Professional experience with Substance, Zbrush or Professional experience with Maya, Max, Blender or other 3D packages.
- Very good communication skills in English
- Good artistic skills (Image composition, colors, shapes)
- Good knowledge of asset optimization for mobile
- Very good practical experience in Unity 3D (bonus if the candidate has experience with mobile platforms)
- Experience in level creation inside Unity 3D

SOUNDS GREAT? MORE REASONS TO TAKE THIS MISSION

- You have full flexibility: Work remotely or come and work from our modern office in Hamburg with roof terrace, cafeteria, common rooms, gaming and lounging etc. or take a lap in the swimming pool on our beautiful campus
- You join a supportive team in a pragmatic, yet challenging environment, flat hierarchies and state of the art technologies
- You will get the chance to work with multidisciplinary and experienced colleagues from the entire production lifecycle
- You will experience a culture of continuous development and learning opportunities
- You won't ever have to be hungry again. There are fresh fruits, snacks and drinks available at the office
