Job-Beschreibung

As a Unity Game Developer you will be part of our agile, cross-functional and international development team working on our new Merge-2 casual mobile adventure game Cozy Coast. You will drive the development of new features and new experiences for our players as well as maintain and improve the already existing code.

Your mission

- **Improve our game.** Develop new mechanics and improve the existing features, based on your Unity3D/C# knowledge.
- **Collaborate with experts.** Closely interact with different departments (e.g., Art, Game Design, Backend) and shape a great gaming experience for our players.
- **Make it work.** Ensure high product quality by applying (automated) tests, using profiling tools and collaborating closely with all of our engineers, including our QA specialists.
- **Make it fun.** Create an exciting and rewarding experience for our players by adding fun gameplay, improving our visual feedback loops and improving usability of our game.
- **Think outside the box.** Foster a culture of knowledge sharing, giving feedback, sharing best practices and high-level standards.
- **Find technical solutions.** Create tools and workflows to optimize the interdisciplinary work of your team.

Your skill set

- **Unity Game Developer.** You are passionate about developing games with Unity and

professionally experienced (3+ years) working in a Game Development environment.

- **Software Engineering professional.** You are knowledgeable about & interested in applying software patterns, object-oriented programming and writing clean, readable and maintainable code.
- **High-quality focus.** You feel responsible for the quality of your implementation/feature, you feel comfortable adding automated tests and you are experienced in debugging and profiling your code.
- **AI passion.** You have first experiences and feel passionate about using agentic AI and generative AI in development.
- **Communicative team player.** You are eager to share your technical knowledge, love to give & take feedback, discuss solutions in a team, and learn from your peers.
- **Open-minded.** You are confident working in a multicultural environment with a diverse team using English as a preferred language.

Your power-ups

- **Hybrid Working Model.** We offer our colleagues the flexibility to choose between working from home and our modern offices in central Hamburg. With regular times planned together at the office during our [Office Days](#), we keep up our unique InnoGames spirit!
- **Flexible working hours.** We offer trust-based working hours as well as active breaks - play table tennis with your team, work out in our gym or go to our rooftop terrace to get some fresh air.
- **Compensation & Fair Play.** We have career models as well as market-competitive salary grids in place that ensure that we treat our employees fairly. For this position, the regular salary range is between € 58.000-75.000 gross p.a. Your seniority level (junior, regular, senior) will be evaluated during the interview process. The salary ranges for other seniority levels differ.
- **Outstanding benefits.** Get 28 vacation days, a sabbatical, mobile device, contribution to your public transport ticket, and more.
- **Career opportunities.** Level up as a Software Developer with excellent training and development opportunities, such as online trainings, InnoVersity and conferences.
- **Team of specialists.** Be part of a stable, growing, and award-winning global company. Meet your future colleagues in [Development & IT](#).
- **Team events.** Participate in regular team events (e.g., wine tasting, cooking, paintball), barbecue together on our rooftop terrace, and enjoy regular company-get-togethers.
- **Relocation assistance.** If you are interested in relocating to Hamburg, we will help you relocate to Hamburg regarding all the needed resources.
- **English first.** Our company language is English, and we support all our employees and their partners with optional German lessons.
