Bei den Mühlen 70  
20457 Hamburg / Germany

everybody

- Stakeholder management and communication with clients, partners and other departments
- Assume responsibility for the team, budget and project
- Regular reporting to the senior management

### **Who we're looking for:**

- Minimum three years of related professional experience
- Broad knowledge of project management tools and agile methodologies (e.g. Scrum)
- Deep understanding of game development in all relevant phases and of all the related departments
- Good skills with Excel, Google sheets and similar office tools
- High work ethic, reliability, drive and ambition for excellence
- Ambition to cultivate and refine a professional working environment
- A positive, team-orientated attitude and ability to manage a team with all its needs
- You love playing mobile, browser games and video games
- You have excellent communication skills in English or German both verbally and in writing

### **We offer you:**

You will create high-quality, visually appealing games within an experienced, international and flexible team of about 50 people.

As a successful and ambitious company with a sustainable and transparent leadership style, all of our employees work with dedication and a team-first attitude. Working on state-of-the-art projects with high-profile partners, this will be your opportunity to grow and expand your knowledge within the games industry in a professional and friendly atmosphere.
