Job description

GamePlay Developer VR (f/m)

FROM NOW | BERLIN

For our subsidiary, Social VR GmbH, we are looking for an ambitious gameplay developer with some experience to work on a new kind of virtual reality experience. The project is early stage and in stealth modus. You would be working closely with artists, level designers, riggers, further developers and QA with the overall goal of helping to realize the project's creative vision at the highest level. Qualified candidates need to be motivated and able to operate in a highly dynamic environment and excited about exploring this new medium.

Games-Career.com is a service provided by:

☐

Your responsibilities and challenges:

- Gameplay – create blueprints in the Unreal Visual Scripting system to get gameplay elements from within Unreal Editor
- Conceptualize and communicate gameplay experiences and the capability to create them in a 3D environment
- Testing and debugging
- Work within a team to deliver high-quality virtual reality content
- Develop solutions to enhance experiences - create solutions for new challenges
- Learn and apply new techniques in a highly dynamic environment

☐

What we expect:

- Experience with the development of VR games or applications (any current platform)
- Extensive knowledge of C++ and well acquainted with Visual Studio
- Unreal Engine (any version) experience in a production environment
- Experience in development environments, standards and technologies, such as OOP, Design Patterns, Test Driven Development, UML, etc
- Knowledge of unit tests and profiler tools
- Bachelor's degree in related fields or equivalent extensive work experience
- Fluent in English
- EU citizenship or a valid working permit for Germany

☐

What we offer: ☐

- An attractive remuneration with development prospects in an international company
- A selfdependent activity and challenge in a varied work environment
- Lots of space for participation and realization of own ideas
- Opportunity for training in new technology fields and topics ☐
- A highly motivated team with a flat hierarchy and fast decisions ☐
- Flexible working hours and free drinks

☐

About us:

Staramba is a fastgrowing startup in 3D scanning, 3D printing and digital data recovery by celebrities and international stars from the sports, film / TV, music and entertainment.
