## Job description

### Internship 2D Artist (f/m)

**At Fluffy Fairy Games you will...** Take ownership of everything you do. Be in an unique environment, a true no-bullshit meritocracy where your skills and efforts really make a difference. Build fast and ship faster. Try hard and learn harder. Grow with every problem encountered. Be paid at industry level. Have access to management all the time.

**And you will not...** Get your game killed in an intransparent gate process. Wait a week for a management decision. Compromise on a viable idea because of somebody else's gut feelings. Be surrounded by interns who shoulder much of the actual work without real pay or a chance

Games-Career.com is a service provided by:

to land a job. Watch the lead engineer fiddle about for days in search of a perfect solution if a solid hack would have solved the problem. Et cetera. You get the picture.

□

### Responsibilities

- Create 2D graphics for our mobile game Idle Miner Tycoon (e.g. 2D character design)
- Prepare suggestions and provide creative ideas for in-game buildings and units
- Create in-game assets based on existing sketches and concepts
- Improve previous assets
- Learn how to do simple sprite animations

□

### Skills□

- Passion for games, especially mobile games
- Highly motivated and open-minded, well-organized work approach
- Good understanding of modern harmonic compositions, as well as graphical imagination
- Very good knowledge of Adobe Photoshop and Illustrator
- Experience with Unity 3D, Jira or Trello a plus

**Join our team**□ In Karlsruhe & continue your career with us in Berlin starting January 2018.  
We offer free fruits & snacks, a lot of Club Mate and coffee!

Please send your full application (CV, cover letter, work sample, certificates) to Sophie at [jobs@fluffyfairygames.com](mailto:jobs@fluffyfairygames.com)
