Job description

Your role @ Travian Games:

☐

We are looking for an outstanding PHP Developer for our Solutions Team! The Solutions Team provides the infrastructure applications for our games and business department like Marketing, Payment or Customer Service. We develop applications mostly in PHP together with the customers and using agile development methods (i.e. Scrum and Kanban). ☐

- You are responsible ☐ for designing, implementing and maintaining the software platform
- You support the customers in the definition of the requirements and creation of the user stories
-

Games-Career.com is a service provided by:

Quinke Networks GmbH
Bei den Mühren 70
20457 Hamburg/Germany

- You improve continually your knowledge as a software developer and share your knowledge with your colleagues. ☐

This is who you are:

- 9

- Flexible working time
- Responsible tasks in a creative and exciting industry
- Team-oriented, open-minded working environment with dynamic and international colleagues
- Free fruits and coffee
- Regular get-together
- Global games oriented towards long-lasting gaming fun
- Munich is a modern, cosmopolitan city and provides a fantastic range of leisure activities

Can't wait to talk to us? We are looking forward to your application including CV, references and earliest possible date of employment via our homepage.
