Job description

Ubisoft is a leading producer, publisher and distributor of interactive entertainment products worldwide and has grown considerably through a strong and diversified line-up of products and partnerships. Ubisoft has development studios in 28 countries and sells video games in more than 55 countries around the globe. We are committed to delivering high-quality, cutting-edge video game titles to players. In our German offices in Düsseldorf, Mainz and soon Berlin, we are working on brands like "Tom Clancy's Rainbow Six Siege", "For Honor", "Skull & Bones", "The Settlers", "Anno" and many more.

In order to continue delivering highly qualitative and innovative PC games we are looking for a

Programmer [freelancer] (f/m)

This position will be located at **Ubisoft Blue Byte, Düsseldorf (Germany)**.

Your tasks

- Update legacy code to Windows 10
- Adding support for current monitor resolutions
- Moving the network layer to in-house online solutions

Qualifications

- Advanced C++ and basic X86 assembler knowledge
- Experience with network structures, especially for lock stepping games
- Very good English (spoken and written)

Preferred additional experience

- Experience with older DirectX versions (like 9.0c)
- Knowledge about older graphic standards like EGA/VGA
- Experience with TCP/IP protocol

We offer a highly interesting challenge for a team player including the possibility to show personal initiative.

If you are passionate about games and would like to work in the games industry, please apply via our career portal.

Applications should include the earliest starting date and your salary expectation.
