Job description

Your role @ Travian Games:

- You create final, game-ready UI assets, icons, and logos meeting all the requirements of Art, UX and Design.
- You work closely with game design and UX team to conceptualize and finalize interface functionality, look and feel. You may need to create animated mock-ups or interactive demos in support of your ideas.
- You document and maintain UI visual & technical guidelines.
- You actively participate in solving problems on the project, not necessarily restricted to UI art assets.

This is who you are:

- You have an academic degree in an art related field of study.
- You have graphic design / UI design skills with a strong portfolio to prove it.
- You have passion for playing games and interactive media and an understanding of market trends and styles.
- You have a proactive personality.
- You have an understanding of agile development methodology and can work within schedule and budget constraints.
- You have prior graphic user interface design experience, especially for games.
- You have experiences in using Adobe CC suite, as well as other visual design and wireframes tools.
- You have strong written and oral English skills.

Why Travian Games?

- Flexible working time
- Responsible tasks in a creative and exciting industry
- Team-oriented, open-minded working environment with dynamic and international colleagues
- Free fruits and coffee
- Regular get-together
- Global games oriented towards long-lasting gaming fun
- Munich is a modern, cosmopolitan city and provides a fantastic range of leisure activities
