Job description

The Project management team at Travian Games runs all projects in regard to game related applications (such as account management software, payment systems, forum, ticketing software) with our games and supporting departments like marketing, payment and customer service. We're acting as an internal service provider for these departments. We work in an agile manner and run multiple projects for multiple international customers at the same time.

- You prepare business concepts and develop projects in cooperation with the business owner
- You assume project management for several parallel development projects (monitoring time, quality and resources, risk management) including with geographically dispersed

project teams

- You mobilize the innovative potential of interdisciplinary teams and work together to prepare approaches to solutions
- You are the central contact for internal and external queries related to specific projects
- You maintain the project documentation as well as the collaboration and task management software

□

SKILLS:

- You have comprehensive technical understanding and skill
- You have profound professional experience as a project manager, in best cases within the IT environment
- You have compelling communication and interpersonal skills
- You have assertiveness and a service-oriented personality
- You are stress-resistant and team-oriented
- You are familiar with common tools like Jira, Confluence, Slack, etc
- You have good command of the English language (spoken and written), German is a plus

□

REWARDS?

- Flexible working time
- Responsible tasks in a creative and exciting industry
- Team-oriented, open-minded working environment with dynamic and international colleagues
- Free fruits and coffee
- Regular get-together
- Global games oriented towards long-lasting gaming fun
- Munich is a modern, cosmopolitan city and provides a fantastic range of leisure activities
