Job description

If you believe in open communication, delivering great results as part of a team and want to play a key part in the concept, development, launch and growth phases of one of Innogames' upcoming Mobile games, then you just might be the person we are looking for!

Your mission: ☐

- Create attractive and thoughtful User Interfaces for one of our upcoming mobile games with a strong focus on user experience and navigation
- Develop the UI from early Mock Ups to visually stunning in-game assets that are technically flawless and ready to implement
- Use Unity to create player interactions, improve existing UI elements or prototype new approaches
- Work collaboratively with Game Designers, Developers, Lead Artist and Product Owner

Your profile:

- 3-5 years' experience creating user interfaces for mobile applications or video games
- Degree in graphic design, communication design or a comparable experience
- An outstanding portfolio of work demonstrating UI solutions with UX in mind, especially for mobile games
- Strong knowledge of Photoshop or Illustrator
- You are passionate about working on a new mobile game from scratch and leaving your
