Job description

Wargaming Mobile is an exciting division within Wargaming that acts as a proving ground for innovative and outstanding mobile projects. We drive results through teamwork, passion and smart data-driven decisions. We deliver legendary game experiences such as World of Tanks Blitz that are enjoyed by millions of people worldwide. But our games are only as good as the people behind them! If you know that you can thrive in a team of highly creative, passionate and driven people who are committed to delivering legendary game experiences then we'd love to hear from you.

Responsibilities:

- Design and develop webapps that will be used across our game studios and within Wargaming Mobile
-

Games-Career.com is a service provided by:

Design fast, intuitive and easy to use interfaces on top of our ecosystem of microservices

- Understand technical requirements and work closely with our backend engineers and non-technical stake-holders
- Participate in green field projects from inception to production

Your profile:

- Expert knowledge of Java development
- Used to test-driven development with a high level of quality.
- Hands-on experience of building microservices, REST web services
- Independent, analytical and a high level of ownership
- A "build it you run it" mentality
- Successfully delivered highly scalable systems into production
- Strong communication skills in English

Nice to have:

- Knowledge of Dockers
- Experience in AWS in a strong plus
- Experience of Mobile Games industry
- Python, Scala, C++, Android, iOS
- Passionate about video games
- A master or bachelor's degree

What we offer:

- Joining an international team of people passionate about gaming
- Working in one of the main European hubs for mobile game development
- Startup within a company with 20 years of experience in game development
- Flexible working hours & work from home
- Unlimited leave upon manager approval
- Public transportation ticket
- Company cell phone of your choice
- Gym membership
- Snacks, drinks, and fruit in the office
- Home internet reimbursement
