Job description

Fluffy Fairy Games is a new and vibrant tech/games company based in Berlin. We want you to be part of our grand vision of becoming the most player-centric games developer and to help us build a world-class tech company on the way.

At Fluffy Fairy Games you will be joining a young and diverse team with a wide variety of experience, skills and cultural backgrounds. Choose our company because everybody can bring in ideas that directly affect millions of players worldwide. We believe in people, in strong self-motivated teams, in fast decision-making and empowering you to take charge through a supportive, learning-friendly atmosphere.

We work in a flat hierarchy with the opportunity for everybody to weigh in, no matter how many years of experience you bring. Every employee takes over his or her own projects

from the first day, which ensures quick learnings, ownership and skill development.□□

Our main title is 'Idle Miner Tycoon', one of the three most successful□idle games worldwide with more than 30 million downloads and seven figure revenue per month. In April 2018 we launched our second game, 'Idle Factory Tycoon', which achieved over 4m downloads in its first month and is about to replicate the success of□our first game.

We offer a position in a young and brilliant team. We are an organisation truly dedicated to getting things done as fast and elegantly as possible. A competitive salary, a modern workspace with state of the art tech, fresh fruit to keep you healthy and fresh coffee to keep you alert.

Also, full-time employees get the chance to financially profit from our unique company share/stock option program. Plus, we offer the newest technical equipment, including laptops and phones, which may also be used in your free time.

Responsibilities

- Leading the QA team on one of our hit□games
- Taking on responsibilities for mentoring□and helping other QA team members
- Ensuring best practice across the QA team members
- Ensure the best possible gameplay experience for our millions of players all over the world
- Testing of the latest dev-versions with the help of test plans
- Analyse and summarise functioning and non-functioning aspects of the game
- Work within the games development team
- Support the development by finding causes and possible solutions to discovered bugs
- Work closely with community management to ensure the players perspective is heard

Skills

- Detail-oriented and well-structured work approach
- Basic knowledge of Microsoft Office products
- Good knowledge of the English language (written and spoken), German is a plus
- Additional knowledge in the field of programming and/or Atlassian JIRA is a plus

□

Due to this being an international studio, English is the spoken language. So please do remember to apply for this role in English. Thank you.
