Define and drive success with metrics

- Ensure standards for product quality and production value are set and consistently met across all functions
- Create a strong team culture that effectively works towards the product vision, strategy, and goals
- Be curious and don't accept the status-quo: may it be processes, structures or game-related features

### **Your profile:**

- Academic degree in either business sciences, business informatics, media or similar studies
- 3+ years of experience as a Product Manager for a software product, ideally within the games industry
- Proven experience of agile software development methods such as Scrum or Kanban
- A well-trained eye for UX and the absolute determination to create the best gameplay experience for our players
- Ability to work independently and with a high degree of initiative and self-motivation
- Passion for Mobile games combined with a healthy dose of pragmatism
- Excellent in English language skills

### **Why join us?**

- Shape the success story of InnoGames with a great team of driven experts in an international culture
- Competitive compensation and an atmosphere to empower creative thinking and strong results
- Exceptional benefits ranging from flawless relocation support to company gym, smartphone or tablet of your own choice for personal use, roof terrace with BBQ and much more

Would you like to become part of a dynamic team and work as a **Product Manager** with us? Then we look forward to receiving your application (cover letter, CV and references) as well as your salary expectations and earliest possible starting date through our online application form at [innogames.com](http://innogames.com). Your contact person for this job offer is **Silja Bernecker**.

InnoGames, based in Hamburg, is one of the leading developers and publishers of online games with more than 150 million registered players around the world.
