### Job description

You and your team will be responsible for designing and implementing game concepts for a mobile title.

#### **Your mission:**

- Drive the creation of highly accessible game systems
- Work cooperatively within an agile and multi-disciplinary team environment
- Develop a deep understanding of our player's needs and motivations
- Create prototypes with your team to test game features
- Be up-to-date on new trends and practices in the games industry
- 

Games-Career.com is a service provided by:

Optimize game features and events based on feedback and KPIs

**Your profile:**

- Absolute passion for playing and making mobile games
- You have designed several free-to-play games, at least one of them for mobile
- You have a deep knowledge of the mobile market and are able to deconstruct games
- You know how to design meaningful multiplayer features
- You're skilled in modelling in-game economies
- You know how to create a great user experience for mobile users
- You know all about various monetization techniques
- You understand the importance of well-documented designs and technical features

**Preferable:**

- Relevant education and degree (Game Design, Computer Science, Psychology, Marketing etc.)
- Experience with Unity

**Why join us?**

- Shape the success story of InnoGames with a great team of driven experts in an international culture
- Competitive compensation and an atmosphere to empower creative thinking and strong results
- Exceptional benefits ranging from flawless relocation support to company gym, smartphone or tablet of your own choice for personal use, roof terrace with BBQ and much more

Excited to start your journey with InnoGames and join our dynamic team as a **Senior Game Designer**? We look forward to receiving your application (cover letter and CV) as well as your salary expectations and earliest possible starting date through our online application form. **Maximilian Kaeding** would be happy to answer any questions you may have.

InnoGames is Germany's leading developer and publisher of mobile and online games. The company based in Hamburg is best known for Forge of Empires, Elvenar and Tribal Wars. InnoGames' first mobile title Warlords of Aeternum is a fantasy turn-based strategy game. InnoGames' complete portfolio encompasses seven live games and several mobile titles in production.

Born as a hobby, InnoGames today has a team of 400 employees from more than 30 nations who share the passion of creating unique games that players across the globe enjoy for years. In order to further expand our success and to realize new projects, we are constantly looking for young talents, experienced professionals, and creative thinkers.
