Job description

We are looking for a talented Animator who loves working in interdisciplinary teams in a fast-paced and creative environment to come join our team and develop amazing games with us!

Responsibilities

- Create engaging and believable in-game animations while working within the constraints of the brief, technology and game design
- Troubleshoot and solve technical production issues together with team
- Quickly master in-house tools
-

Games-Career.com is a service provided by:

Maintain animations after they are implemented, take a strong interest in the final result of a feature

- Work closely with other disciplines in small interdisciplinary teams in order to achieve features that are more than the sum of their parts
- Track time invested in tasks and provide estimates for future tasks in order to assist the team with planning
- Take part in review cycles, both in providing feedback for coworkers and showing eagerness to improve based on feedback from team members

Qualifications

- 3+ years of professional experience in game production
- Strong Maya knowledge
- Strong key frame animation skills
- Ability to balance between quality and speed depending on brief
- Ability to handle and prioritize multiple tasks, meet deadlines and to excel under production conditions
- Good communication skills across multiple disciplines; ability and willingness to accept and follow direction and to work collaboratively
- Strong verbal and written communication skills in English
- Passionate about video games

Desirable skills

- Professional experience with 1st person animation
- Professional experience with creature animation
- Good knowledge of the Unreal Engine, Animation Blueprints in particular
- Knowledge in Motion Builder
- Experience with Motion Capture Data

Employment details

- Full-time and on-site
- Status: employment
- Start: as soon as possible
