Job description

As one of our developers you will add new features to our apps and improve the current code basis to ensure a great user experience.

AppLike is the fastest growing Adtech Company in Europe, running app marketing platforms in 27 countries. Our mission is to develop software that runs on every mobile device on earth. Under the umbrella of the media company Bertelsmann, we have access to a global network of experts and a strong financial backup. By developing a state of the art tech stack and highly skilled people, we aim to reach more mobile users than every other company in the world. If you like to challenge yourself and want to work in a high performance environment, go for it and send us your application!
