Job description

Are you looking for the perfect working environment to combine tech and business as an intrapreneur? An environment that challenges you but also has a strong focus on independent development? Are you always the one to come up with unconventional ideas and have the feeling of being ahead of your time? ☐

If your answer to this questions is a loud and clear "Oh yes!" - we've got the perfect job for you: Become Product Lead at AppLike and work with an international team of like-minded professionals on mobile ad-tech solutions for the future. Our goal is nothing less than to find our various mobile solutions running on every smartphone in the world! ☐

☐

About Us:

AppLikers concentrate on the big things that will bring us closer towards our goal and offer real value for our partners and users: #gobig

Since we are working in an environment of constant change, it's essential that we test our MVPs as fast as possible to stay that one step ahead of the competition: #movefast

To secure fast successes and guarantee the best exchange of knowledge and ideas between all colleagues we believe that we have to get rid of all communication barriers. Whether it's an intern or the CEO: Everyone is equal when you meet over a coffee to exchange ideas: #bedirect□□

If you decide to join us, you won't only work with colleagues but will have a good time with close friends on top! AppLike is more than just a company: #beAppLike

There is one crucial condition that we cannot miss at work: Fun! We work hard and set high goals: Achieving those calls for a proper celebration, right? #havefun

□

About You:

If you are thinking "That's the working environment I've always dreamt of", you are the person we are looking for. Become a part of our family and contribute to our product strategy. We don't set limits; you will be acting as an intrapreneur and lead your own team of developers.

To be up to this task you should already be proficient in either mobile or online business and be familiar with common business models and marketing in this field. If you are also experienced in product management for mobile or web applications, I wonder why we aren't we already talking to each other!?

To round up your future work environment we have to mention the obvious benefits that you'll enjoy at AppLike: A vast variety of drinks, fruits and snacks will cater to your physical wellbeing. To get rid of all those calories afterwards, we grant you a full inhouse gym membership. On top, we support every employee with public transportation (HVV Proficard) to ensure a smooth and reliable commute to work. But what is just about the limit besides regular events and parties is our annual company trip into the sun: Maybe 2020 already with you?
