Job description

Your Gateway into the Gaming Industry

Freaks 4U Gaming GmbH is a 360°-marketing agency specialized in targeting PC and console gamers worldwide. Besides its agency business, the company is a pioneer in online and TV influencing, managing its own original web services such as joinDOTA, 99Damage and Summoner's Inn as well as producing YouTube and TV formats that reach audiences of millions. Currently, Freaks 4U Gaming employs more than 190 people at its headquarters in Berlin and the branch offices in Cologne (Germany), Taipei (Taiwan), Irvine (USA), Paris (France) and Ni (Serbia). At the end of 2017, the German print magazine FOCUS chose Freaks 4U Gaming as one of the best midsized employers going into 2018.

☐

Your mission:

- You will be responsible for the **monitoring of our infrastructure**, the performance analysis and the evaluation of our log files for our troubleshooting
- You will design, realise and maintain our IT systems in our high-availability solution for national and international site networking
- You will create and edit documentations especially focused on system surveillance and error analysis
- You will regularly **configure, optimise and administrate our server services** (SQL/NoSQL database, nginx, PHP, Postfix)
- You will also deal with the fields **network and storage**
- You will cooperate with our software engineers and ensure the sustainability and operation of our cloud infrastructure

☐

Your profile:

- You have at least two years work experience in IT especially in the field of server and infrastructure and ideally gained a degree in computer science
- You possess profound knowledge about the **operation and administration of the LAMP-Stack**.
- You have a very good understanding of SQL, web servers, monitoring solutions, Git and Debian
- You had the chance to gain first-hand experience in the troubleshooting of server, network and virtualization environments
- You are familiar with virtualization solutions, especially with LXC-containers
- You have **basic scripting skills** (Shell, Python, PHP). IT Security skills are considered a bonus
- You are fluent in German, you have solid English skills and excellent communication skills
- You are not afraid to take charge and you think in solutions rather than problems
- Your work ethic is shaped by your ambition, resilience and how you consistently give 100%
- Passion for Gaming and Esports is a plus

☐

Why us ?

- You will work in an international team with flat hierarchies and quick decision-making processes
- You can enjoy an open corporate culture and flexible time management
