Job description

Would you like to leave a mark in the landscape of games while working in a fast-paced and hyper-creative environment and with people who are passionate to create an awesome game experience together? ☐

We are looking for a talented and experienced ☐ **Senior Game Engineer** ☐ with strong ☐ **Unreal skills** ☐ for an unannounced game in a new IP. The gameplay experience is a unique blend of third-person shooting & melee combat, in an open world that lets you choose your own goals, together with others.

Games-Career.com is a service provided by:

You will be part of an experienced team that has a lot to offer and encourages you to grow with us together!

□

Responsibilities

- Implement gameplay systems in a self-organizing, interdisciplinary team
- Write clear, maintainable and fast code in adherence to internal standards
- Write and maintain technical design and software system documentation
- Recognize opportunities to improve our games or general workflows and seek to make these changes
- Share knowledge and help to mentor other team members

Qualifications

- 3+ of programming experience with 3D games and working **with Unreal** is a must
- Good knowledge of game engineering practices & techniques
- Excellent C/C++ programming skills
- Good Knowledge of software engineering practices
- Proven ability to collaborate with different disciplines to discuss designs with respect to technical challenges
- Ability to communicate effectively in English, both verbally and in writing
- Passionate about videogames

Benefits

We support you all the way

Relocation bonus and ongoing support and assistance, occupational pension scheme

We care about your well-being

Flexible working hours, fresh fruit and vegetables every day, hot and cold beverages of your choice, in-house massage, monthly company events, fitness Club membership, Berlin public transportation Jobticket

We encourage continuous learning

Extensive games/books library, dedicated Talent Development Manager, participation at various game conferences

We know how to have fun

A variety of exciting Team Events, regular in-house social events, Summer and Christmas Party, beer and soft drinks for Friday meetings

If this sounds like you, and you love to work in a creative environment with people passionate about their work, we are looking forward to getting to know you!
