## Job description

### **Karlsruhe | full-time | from now**

We are one of the leading publishers of free-to-play online games based in Karlsruhe, Germany.

Are you interested in running games and services in data centers and cloud environments all around the world?

As part of a dynamic and motivated team, you work on varied and challenging projects, like the operation of existing games as well as the integration of new games into our existing infrastructure.

Games-Career.com is a service provided by:

## Your mission

- You are responsible for the extensive server infrastructure of our browser- and client-based online games
- You exchange technical requirements with external development studios
- You drive the continuous development of existing automation systems
- You advise our internal product teams as technical contact person
- You support internal and external developers in migrating services to our Kubernetes infrastructure
- You develop new concepts and evaluate the use of new tools to keep us technologically up-to-date

## Your skills

- You have very good knowledge and experience in the administration of Linux-based server systems
- You are fluent in at least one scripting language (e.g. Perl, Bash, Python) and ideally have experience with Ansible
- You have a firm grasp of what the concepts cluster, web server, kubernetes, HA, databases, firewalls and containers mean and know how to best use them.
- You like working in a team and want to bring you and your abilities to the fore
- You know how to handle complex tasks without losing your cool
- You look at the bigger picture, questioning existing methods and analysing potential risks□

## Your Gameforge setting

- An international company awaits you! English is our company language, as employees from over 25 nations are part of our team
- Flexibility and safety are important to us! We reacted quickly when the Corona pandemic began, enabling all our employees to work from home
- When you join us, you will enjoy a structured digital onboarding program and the work equipment sent to you
- We support your personal and professional development! Language courses, teambuilding activities, seminars and more
- We're easy to reach! Great location, easily reachable on foot, by bike, bus, tram or car

## About Gameforge
