Job description

As **Lead Environment Artist** for YAGER's current project *The Cycle*, you are someone who loves creating beautiful environments and cares deeply about gameplay ability. Your primary duties, under the direction of the Art Director and Lead Artist are in leading the creation of the environments in our world. In collaboration with Technical Artists and Production, you will assure that assets are beautiful as well as technically feasible while fitting into timeframe budgets.

We believe the best games are made by diverse teams and welcome applicants from all backgrounds.
