Job description

Struckd is the biggest mobile game creator on android. So far close to 1 Million games have been created with struckd. We aim to be the biggest platform to create, share and play games on mobile.

Founded in 2016 in Zürich (Switzerland), we are currently looking to expand our operations to Berlin (Germany).

☐

Your tasks:

- Client side: Struckd is a very sophisticated application that incorporates both a unity

engine core and react native components. Your task is to ensure the smooth orchestration of these parts with an emphasis on the react native mobile components.
- Server side: Struckd hosts millions of multiplayer sessions and hundreds of thousands of games via our partner AWS. Your Job is to ensure the stability of our backend services.

What we offer:

- Possibility to grow with the company and speed up your career in the gaming industry
- Company shares
- Flat hierarchies with a zero bullshit attitude
- Guaranteed impact: You have an awesome idea? Here you have the chance to build it

Requirements:

- Previous experience with at least two of the following skills:
    - Deployment of android or iOS Apps
    - React Native
    - Unity Engine
    - AWS☐
- Open to work in a pragmatic and fast manner
