Job description

YAGER is an independent developer of computer and video games based in Berlin, Germany. We are an English-speaking studio that employs more than 120 people from 30 different countries. As dedicated gamers ourselves, we are united by our shared passion for creating unique gaming experiences that amaze and inspire our players and we are always looking for new ways to bring this vision to life.

Our people are our most important asset. Their individual skillsets and backgrounds, their creative and innovative thinking, and their love for games all create a collaborative environment which allows everyone to make their mark. We invest in the development of our staff, and reward their contributions with perks such as company parties, opportunities for
