Job description

Daedalic Entertainment publishes and develops computer and video games for all platforms. The publisher has a diverse line-up and offers a wide range of high-quality games, from classic adventure and strategy games to multiplayer titles and RPGs.

Daedalic is one of the most successful games companies in Germany and is the record winner of the two most important awards in the German games industry with 32 titles at the German Developer Award (including several "Studio of the Year" awards) and twelve German Computer Game Awards.

Currently the studio is developing the AAA title The Lord of the Rings - Gollum (multi-platform). The action adventure tells Gollum's story from an unprecedented perspective and remains true to the legendary book by J.R.R. Tolkien.

Scripter (m/f/d)

Reference ID: Scripter-21

- Starting: Now
- Full time
- In Hamburg

Your Tasks:

- Work with a highly motivated team on the multi-platform title "The Lord of the Rings: Gollum"
- Breathe life into the gameplay and levels of Middle Earth with the help of your scripts
- Iterate with the game design, art and writing team to find the perfect balance of gameplay, story and visuals
- Support us actively in the development of video games in Unreal Engine 4 and 5

Your Profile:

- You should have successfully completed your studies or training (preferably with computer science, game design, mathematics, multimedia production) or have relevant work experience
- If you have several years of professional experience in level and/or gameplay scripting, you could be exactly who we're looking for
- Very good knowledge in Blueprint Scripting with Unreal Engine
- You have good knowledge in C++ programming
- Good knowledge of debugging and version control systems
- Effortless understanding and keen interest in game and level design
- You are used to a structured and independent work routine
- You are a team player, have good communication skills and curiosity
- Very good written and/or spoken German and English

We offer:

- The opportunity to work with us on several multi-platform AAA productions, based on the world-renowned IP "The Lord of the Rings"
- Current and Next Gen platforms
- Very demanding and varied tasks in an internationally oriented company
- Extensive development opportunities
-
