Job description

Would you like to be part of a new IP packed with innovation where you can make an impact and leave a mark in the landscape of games?

We are currently seeking an experienced ☐Senior Narrative Designer☐ who's passionate about games to join our team. You will be part of the talented team behind a yet unannounced project, a F2P 3rd person co-op shooter aimed at hardcore players packed with innovation. We are looking for people who love the idea of working together in interdisciplinary teams and a fast-paced and professional environment.

As a ☐Senior☐ Narrative Designer☐ for our unannounced project, you are responsible for bringing our narrative to life through our characters, world, and gameplay. This role will work closely with gameplay and level designers to create memorable experiences that immerse

players in our exciting new IP and find unique ways to enhance co-op gameplay through narrative. You will be part of an experienced team that has a lot to offer and encourages you to grow with us together!

We believe the best games are made by diverse teams and welcome applicants from all backgrounds.

Responsibilities

- Write and edit compelling mission, lore, story text and dialogue
- Create story and mission content focused on the game's core mechanics
- Collaborate with the Creative Director to define and maintain the narrative vision of the project. In this journey, you will be expected to pitch your ideas, manage stakeholder expectations and take on board feedback
- Collaborate with art and gameplay to create hero characters that are fun to play and rich in the narrative potential
- Collaborate with design and engineering on tools and systems to best develop and represent narrative content in game

Qualifications

- 3+ years experience as a narrative designer
- Basic understanding of game design and ability to communicate with different disciplines
- Excellent verbal and written communication skills
- Collaborative mindset and ability to work interdisciplinary
- A desire to grow, learn and improve as a designer
- Positive, enthusiastic, team-oriented attitude

Desirable skills

- Multiplayer games narrative experience
- Unreal game engine experience
- Worldbuilding and IP development experience
- Scripting experience, for example with Unreal Blueprint

Employment details

- Full-time
- Status: employment
- Start: as soon as possible
