Job description

Would you like to leave a mark in the landscape of games while working in a fast-paced and hyper-creative environment and with people who are passionate to create an awesome game experience together?

We are looking for a talented and experienced Senior Game Engineer with Unreal skills to join YAGER's talented team. As a Senior Engineer, you are expected to work independently as well as to help our juniors to develop and grow.

You will be part of an experienced team that has a lot to offer and encourages you to grow with us together!
