immediately

☐

## Form of Employment

full time

☐

## What we Offer

- Work in a small, dynamic team in the heart of Berlin.
- Play a part in one of Germany's most successful app studios.
- Develop a product that is simultaneously used by thousands of users around the clock.
- Our open working atmosphere, flat hierarchies, and short decision paths help you to deliver optimal results.
- We work with flextime.

## Area of Responsibility

- Converting new ideas into detailed game mechanics.
- Compiling design documents.
- Realizing new game mechanics while working closely with different departments (graphics, programming, and quality assurance).
- Documenting existing gameplay and monetization.
- Analyzing user behavior in our games.
- Conducting competition analysis.

## Requirements

- You have at least 3 years of working experience as a Game Designer in the gaming industry.
- Your knowledge of modern game design paradigms and the monetization of free-to-play
