Job description

About the Position

As an experienced PHP/WordPress Developer (m/f/d), you will support us in further developing our products, facilitating the best possible performance of our games and our company. This is your chance to work on something great with us.

About Us

Spiele-Palast GmbH offers online card games for browsers and mobile devices. Hundreds of thousands of active players use our platform every day to stay in touch and play card games together. We aim to build the best platform for card games from all over the world.

Job Site

10245 Berlin, Boxhagener Str. 106

Entry Date

immediately

Form of Employment

full time

What we Offer

- Experience creative freedom and eagerness to experiment.
- Work within a small and dynamic team in the heart of Berlin.
- Join for one of the most successful app studios in Germany.
- Develop a product that thousands of people are using at any given time.
- Low hierarchies and quick decision-making help you to work swiftly and efficiently.
- We work with flex time.

Area of Responsibility

- You are working closely with our development team, and you build and maintain our backend and other tools.
- You are working with our marketing team on advancing our gaming portal.

Requirements

- You have several years of professional experience in the field of web development.
- You provide several years of experience with WordPress Multisite and WordPress Plugin Development.
- Your knowledge in MySQL, PHP, TypeScript, JavaScript, CSS, and HTML5 is very good.
- You are experienced in test-driven development of performant, multilingual web applications.
- You have a sense for performance and optimization.
- Experience with another coding language, such as Java or Python, would be advantageous.
- Experience in the field of test automatization with relevant frameworks would be an advantage.
- Professional experience in the mobile or games industry is a plus.
- Your written and spoken English skills are very good up to native.
- Good German skills are an advantage.
