- You will be setting up and refining the test processes.☐
- You will ensure that our external partners are inline with the established processes.☐
- You will create and review the test plans for the QA Teams.☐
- You will ensure the Compliance Testing is in place with the distinction between Required/Recommended and Not Required guidelines and the reported bugs have correct Priority set.☐
- You will coordinate and plan the discussions and support threads with the 1st Party pertaining to compliant design, technical concerns and waivers.☐
- You will coordinate with the Production Teams and draft the future steps.

YOUR SKILL TREE

- 3+ years experience with Console Compliance in a QA position.☐
- Huge understanding of game development processes.☐
- Wide experience collaborating with other departments in relevant projects.☐
- Experience managing external partners, setting, and tracking KPIs.☐
- Relevant experience coordinating teams.☐
- Ability to analyze the data and information provided and make decision based on that

READY FOR THE QUEST?

<u>We support you all the way</u>☐

- Get settled. We offer relocation packages and budgets, provide temporary accommodation, administrative support and more.☐☐
- We care about your work-life-balance with competitive vacation days and core working hours☐
- Green travel at a discount. We offer a Company Ticket for the public transportation system in Berlin (BVG)☐
