Job description

THE HERO (D/F/M) WE ARE LOOKING FOR:

We are looking for a highly skilled **Senior Mobile Games Tester (d/f/m)** to join our **Mobile games team** at our location in **Berlin or Hamburg**.

The **Senior Mobile Games Tester (d/f/m)** will be responsible for managing a small QA team, defining test plans and executing test plans for a variety of mobile games. This position will work independently and collaboratively with interdisciplinary teams made up of artists, engineers, designers, QA and production.

□

This person will maintain, improve, and establish test protocols, training, coaching, and leadership to ensure that QA protocols and test plans are created efficiently and within given

time constraints.

The Senior Mobile Games Tester (m/f/d) will work closely with studio leadership in the evaluation and hiring of all QA resources.

□

YOUR QUESTS

□

- Building from scratch the mobile QA team and managing the team
- Maintain, improve, and establish protocols to further optimize the QA processes
- Mentoring the mobile QA team improving all aspects of their understanding and elevating their level to a skillful, efficient business unit
- Perform functional testing on daily builds of our games to find bugs in newly implemented features.
- Perform integration testing to ascertain whether new functionality has broken other areas of the game.
- Perform final testing before release to the store using store sandbox, Apple TestFlight, Google closed and open testing.
- Auditing and converting all inefficient processes into automated, efficient and scalable test plans
- Producing high quality bug reports including: a detailed description, accurate reproduction steps and severity rating, etc.
- Leading and executing company-wide playtests and playtests with external agencies.
- Collaborating and communicating with multiple leads and stakeholders about features, requirements and acceptance criteria
- Working with the Designers, Artists, and Engineers to improve the overall player experience by suggesting improvements and changes
- Offering constant feedback to ensure our games achieve their potential

□

YOUR GEAR

□

- 2+ years of experience in a games QA role
- 6+ months of experience leading teams of QA Testers
- 1+ year experience testing mobile games
- Experience verifying and vetting bugs and managing test databases
- Knowledge of mobile app release processes (Google Play, Amazon, iTunes Connect)
- Knowledge of mobile testing processes such as Apple TestFlight, Google Licensed Testers, Microsoft App Center
- In-depth working knowledge of Unity and experience with shipped Unity mobile projects
- Demonstrated professionalism and composure while working under and meeting tight deadlines
- Ability to produce high quality bug reports
- Experience testing server dependent applications
- Experience writing test plans (functional and compliance)
- A methodical and analytical mindset
-
