Job description

Karlsruhe | hybrid working | full-time | from now

We are one of the leading publishers of free-to-play online games based in Karlsruhe, Germany.

Would you like to experience the studio atmosphere within the comfort of a large established company?

As an independent unit within Gameforge, our studio team focuses on developing an outstanding play-to-earn game.

You are part of the designing of the new game from scratch!

Together with a(nother) Game Designer, you solve challenges in game economy with mathematical approaches.

Please submit your application in English.

Your mission

- You model the game's economy with multiple currencies (tokenomics), sinks and different game modes
- You balance units, game modes (PvP and PvE) and skills while always having the NFT population in view
- You predict population growth and ingame development through formulas
- You continuously create detailed documentation in a way a non-mathematician understands

Your skills

- You are a hardcore gamer filling Excel files for the games you play
- You have strong knowledge in stochastic and statistics
- You are familiar with crypto gaming and/or NFTs
- You have understanding of VBA and SQL
- You are a documentation enthusiast and enjoy describing your work in writing
- You enjoy sharing information with others and find it easy to explain things in detail

Your Gameforge setting

- An international company awaits you! English is our company language, as employees from over 25 nations are part of our team
- The future's hybrid! Together with your manager and team, you can arrange how you split your time working from home or at the office
- Enthusiasm is in our DNA! Each and every one of us shares a passion for play
