### Job description

**For our subsidiary near Cologne we're looking for a Unity Developer to port existing and new projects to all platforms.**

### Your profile

You're a hands-on developer / programmer. Your approach to problem-solving is to look for the long term solutions and a systematic approach. To achieve this, you don't shy away from discussions with other coders, being able to both give and receive constructive feedback in the process. You want to port projects to all major platforms including Nintendo Switch, Xbox One and Xbox Series X/S, Playstation 4 and Playstation 5.
