You will design the user interface and experience of our games to ensure the best possible accessibility as well as intuitive usability. Your designed usability flow corresponds to the requirements of the respective platform and controls. Within the team, you will develop the interface from scratch or convert an existing interface to another platform.

Your Profile

- You already have gained some experience in the field of 2D Art, at best in UI/UX as well
- You have at least basic knowledge in the field of UI/UX design
- Your mock-ups are pixel perfect and you know how to communicate your interaction design understandably
- You demonstrate high self-motivation, a sense of responsibility, and the desire to develop yourself further with us and to familiarize yourself with new tasks
- Gaming experience is a must
- Professional experience in game development is a plus
- Experience in working with Unity UI (uGUI or UI Toolkit) is a plus

HANDYGAMES OFFERS YOU

- 40 hours per week thanks to Scrum
- Flexible working hours
- 30 days of paid vacation
- A short and quick decision-making process due to flat hierarchies
- The opportunity to work with a team of experienced professionals
- Modern workplaces with state-of-the-art technology
- Opportunities for further training
- We support our foreign language employees with offered language courses in German
- Amazing colleagues
- In-house gym
- Free drinks, snacks, and fruit
- ...and much more
