### Job description

#### Your mission

Out of the Park Developments, founded in 1999, is THE premiere US-sports simulation & management game development company worldwide. Our games set the standard in terms of realism, features, customizability, replay value and fun. Our games Out of the Park Baseball and Franchise Hockey Manager have received rave reviews and are generally regarded as the best games in their genre.

In 2020, Out of the Park Developments was acquired by the major South Korean mobile games developer **Com2uS**. In order to strengthen our team even further, we are looking for an independent and enthusiastic individual to join our team.

The IT Developer/Database Engineer (m/f/d) role is a developer and administrator position

Games-Career.com is a service provided by:

within the Out of the Park Developments business unit. This critical, long-term engagement position will be responsible for the success of the OOTP Developments online game feature infrastructure in all aspects, including performance and stability. The role is a remote position and available immediately.

- Primary task: Develop, improve, and maintain online game backend  functionality and databases for our Perfect Team online game mode (Javascript  Typescript, PostgreSQL / MySQL, PHP)
- Secondary task: Develop, improve, and maintain the  client-side of Perfect Team online game mode (C++)

### Your profile

- You are preferably located in CET time zone
- A genuine industry interest and understanding
- A proven strong development background in a number of key technologies including Javascript / Typescript, PostgreSQL / MySQL, C++, PHP
- Experience as database admin
- Highly organized, problem-solving personality
- Self-starter, able to identify obstacles and work through solution
- Strong written and verbal language skills in both English and German
- Ability to thrive in a fast-paced environment

### Why us?

- A 100% remote position
- You'll benefit from flat hierarchies and a lot of room to realize your own ideas in your area of responsibility and beyond
- An international working environment with offices around the globe
