Job description

Level up!

Nintendo aims to deliver unique, intuitive entertainment experiences for everyone, manufacturing and marketing video game devices such as the Nintendo Switch™ family of systems, developing and operating applications for smart devices, and collaborating with partners on a range of other entertainment initiatives like visual content and theme parks.

At Nintendo, we bring together employees with a wide range of characteristics and work together towards a common goal – to put smiles on the faces of people all over the world.

Tasks

Games-Career.com is a service provided by:

- Supporting the Digital Media Creation team in the capturing of game footage, taking screenshots and creating promotional films
- Assisting in preparation for footage and screenshot capturing (playing games, creating save files, etc.)
- Editing videos using captured footage and screenshots
- Working closely with other European Marketing team members to accomplish each project
- Supporting the Digital Media Creation team by assisting in its day-to-day activities

Please note that all tasks will be executed in close cooperation with the internship supervisor.

☐

Requirements

- The internship has to be mandatory for your current studies
- The minimum length of the mandatory internship should be 6 months. The internship can be extended to a full year if applicable.
- Experience in video editing and graphic design
- Fluent in spoken and written English, another European and/or Japanese language is a plus
- Good knowledge of professional movie editing and graphic design such as Premiere, After Effects, Photoshop, etc
- Proficient use of Mac OS and Windows
- Strong interpersonal skills with the ability to work closely and cooperatively with different departments and team members
- Passion for games and the video game industry

☐

Are you interested? We look forward to receiving your application, including your earliest possible starting date and salary expectation.
