Job description

Level up!

Nintendo aims to deliver unique, intuitive entertainment experiences for everyone, manufacturing and marketing video game devices such as the Nintendo Switch™ family of systems, developing and operating applications for smart devices, and collaborating with partners on a range of other entertainment initiatives like visual content and theme parks.

At Nintendo, we bring together employees with a wide range of characteristics and work together towards a common goal – to put smiles on the faces of people all over the world.

Games-Career.com is a service provided by:

Tasks

- Understanding and maintaining SG&A cost sharing through SAP handling, automation of process and change of technological application, revision of keys on semi-annual basis, management reporting, as well as documentation
