Job description

About the Position

We are currently looking for an experienced backend developer to help us

further develop our products and ensure the best possible appearance of our games

and our company. This is your chance to work with us on something big.

Please apply via e-mail with an informative CV and your salary expectations.

☐

About Us

Spiele-Palast GmbH successfully develops online card games for browsers and mobile devices. Hundreds of thousands of active players use our platform every day to stay in touch and play card games together. Our goal is to become the best platform for card games from all over the world.

☐

Job Site

10245 Berlin, Boxhagener Str. 106

Germany

☐

Entry Date

immediately

☐

Form of Employment

full time

☐

What we Offer

- Work within a small, young, and dynamic team in the heart of Berlin.
- Experience creative freedom and the joy of experimentation.
- Join one of the most successful app studios in Germany.
- Develop a product that thousands of people are using at any given time.
- A relaxed working atmosphere, flat hierarchies, and short decision-making
- processes help you to deliver the best possible results.
- We work with flex time.☐

Area of Responsibility

☐

- You will work closely with other teams and build and maintain our backend as
- well as other tools.

□

Requirements

- You have several years of professional experience in backend development.
- Very good knowledge of PHP, Java, and MySQL.
- Experience in (test-driven) development.
- Sense for performance and optimization.
- You have a very good command of English, as English is the team language.

□

Nice to Have

- Experience with another programming language, such as Python, would be an
- advantage.
- Experience regarding test automation with relevant frameworks would be an
- advantage.
- Professional experience in the mobile or games industry.
- Good German skills are an advantage.
