Job description

For our current project -☐ a premium PC/console game based on the Star Trek license - we are looking for a motivated intern to support us in quality assurance for at least three months (or longer).

☐

Your profile:

- A strong interest in Star Trek is a prerequisite
- You love games and are interested in behind-the-scenes work
- You are currently enrolled in a relevant degree program, OR have completed your studies, OR have completed vocational training in a relevant field
-

Games-Career.com is a service provided by:

You are proficient in using Google products such as Google Docs, Sheets, etc.

- You have a good understanding of PC and console games
- You have a good sense of what players enjoy and what they want
- You are reliable, dedicated, and resilient
- You are well-organized, a quick learner, and possess strong communication skills
- You are a team player who handles constructive feedback well
- You are result-oriented and passionate about games
- Good communication skills (both verbal and written) in English
- Ideally, you have prior experience in QA or a similar area
- Ideally, you have prior experience with Unreal Engine
- You live in Hamburg or the surrounding area (partial remote work possible)

☐

We offer:

- An exciting internship offering significant responsibility and scope for initiative
- The opportunity to gain comprehensive insights into the development and publishing of PC and console games within a short timeframe
- Working in a small, international team with a close-knit, family-like atmosphere
- A creative work environment
- A flat hierarchy and short decision-making paths

☐

Feel free to get in touch if you have any questions; otherwise, please send your application to: info@gamexcite.com.

☐

Please also let us know the earliest date you can start the internship and whether it is a voluntary or a mandatory internship.

☐
