My name is Veronika "Vroni" Lechner, passionate Metalhead, coffedrinker and bookworm.

I just finished my M.A. in Interaktive Media with focus in game development and I am looking for a permanent position or traineeship to test and improve my skills.

☐

I already worked on a small game prototype with a small student team which taught me many things about project management and development.

☐

My Master Thesis was about ☐ "Concept Art for a Fantasy-Roleplayinggame". You can find out more about it here:
