Description

Type of employment: Internship
Entry date: immediately
Place of work: Frankfurt
Salary Expectation: 700 EUR

Hello! I am a Soham Das student at Darmstadt university of applied sciences, studying MA in animation and game direction, looking for an internship of 18 weeks as it is required as a part of my course. I have attached my resume portfolio and an internship application form from my university. If any such opportunity is available and I am eligible for it I would gladly like to work in your company.

After completing MSc (Integrated) in Multimedia with specialization in animation from St. Xavier's College, Kolkata, I gained professional experience for a little more than 2 years , working as a Concept artist and Motion Graphics Designer in the Design Department at Inshorts Advertising Private Limited.

I have experience in Digital illustration, 3d Modelling, 3d animation and 3d motion design, 3d modelling, lighting and texturing and have proficient skills in Softwares like Blender Maya, Zbrush, Photoshop and quixel studio, unity engine and Marmoset toolbag, and I specialize in animation and concept designs.

In my professional career I decided to grow more and specialize my skills in marketing, branding and designing advertisement content, including but not limited to interactive advertisement and gamification content for a plethora of International clients, However since my primary interest lies in making animation and designing games I was prompted to apply for the course of MA in Animation & Game direction at Darmstadt University of applied sciences, Darmstadt, Germany hence I will be an asset to your organization if hired.

Thanking You,

Soham Das
