Hello!

I'm Ren!

Currently i am on the lookout for a new job and to perfect my skill together with a Team!
I am looking forward to bring Games to live together with others.

In my entire Time studying Gamedesign i specialized in Accessible Design, Gamedesign and 2D Art (and Asset creation).

☐

Some time ago i worked together with astragon Entertainment as Visual Designer, creating Assets for Marketing and Agerating of our/their Games as well.

Aside this i also have experience in Product- and Project-management as well as Social media Management.

☐

I'm always happy to broaden my horizon and learn more, even if its entirely new to me!
